

# dual lounge

## dual lounge product information

---

Dual lounge is a dynamic seating collection designed to celebrate expression and elevate the conversation. Dual plays the role of protagonist in a wide array of social environments. Its organic form expresses comfort while visually emphasizing the contradiction of light and dark. The name Dual comes from the 'duality' of light and dark seen visually in the transparency of the base in partially opaque knit, and the adverse textile upholstery of the top portion.

Dual offers a posture fit for every occasion. A low-back chair provides for relaxed or casual collaboration. A high-back chair is perfect for unwinding and recharging. The lounge design introduces a residential aesthetic, bringing a welcoming sensibility to a range of spaces.

**Designer**  
Toan Nguyen
