DESCRIPTION

Le mobilier AC Executive met à l'avant-plan toute la beauté du bois en proposant des meubles élégants dotés d'une base en bois, parfaits pour les bureaux de direction et les salles de réunion. La collection comprend une série de meubles de rangements, de bahuts, de bibliothèques, de tables de réunion et de bureaux qui conviendront aux planifications de tout genre et à d'autres besoins individuels. Meticuleusement dessinés afin de dissimuler la quincaillerie et préserver l'apparence pure du mobilier, les produits AC Executive comportent un verre peint sur l'envers, des bords épurés, des poignées encastrées et un éclairage DEL.

FINITIONS
