At Studio TK, we're passionate about the transformative power of social spaces.

With our exclusive focus on social applications, we're helping architects and designers create spaces that empower people to choose how, where and with whom they do their best work. From quiet focus to creative collaboration, social spaces are where connections are formed and communities are built.

We want to bridge the gap between the spaces where we work and the culture we aspire to create. By harnessing the power of our social applications, our goal is to create a new type of workplace with improved wellbeing and increased productivity.

Welcome to the social office.
